Now—**Kyanize** Decal TransfersAdd the Final Touch of Beauty
to Old Furniture Refinished with**Kyanize**

Thousands of women have long known and used **Kyanize Colored Finishes**—the one place solid and smooth which needs no sanding or sandpapering and gives of furniture incomparable beauty. Inlaid, golden rose roses—floral and leaf designs—on elegantly laid floor cloths, were on various kinds of one or two coats of **Kyanize Colored Finishes**. Long durable, even, smooth, they—any number of pretty gilt things can be done with **Kyanize**.

And now—**Kyanize Decals** add the final touch of beauty! These exquisite floral and abstract designs, some—designed by prominent artists—can be applied by simply shaping the designs of the illustrated paper directly onto the surface you have treated.

Simply finish with **Kyanize**, or **Kyanize Colored Finishes**, for a sunny, radiant effect—or **Kyanize Floor Finishes** when you wish to protect the wood grain. Allow the finish to dry slip the Decals on. It takes just a minute.

Give yourself the pleasure and thrill of introducing an old piece of furniture with **Kyanize Colored Finishes** and decorating it with **Kyanize Decal Transfers**.

When a Dominion-wide Transportation
Company Buys Transportation

Look to the big business organizations of Canada if you want to find trucks that are bought only after closest study. These buyers study the trucks themselves—their design, quality and suitability to the work at hand—and the company back of them. Availability of service supervisors—even to the farthest reaches of the country.

That is how the Canadian National Express Company buys transportation, and there are already 39 International Trucks and 2 McCormick-Deering Industrial Tractors in their service. Every day these trucks and tractors help to sell the transportation service offered the public by Canadian National—help through their good appearance and their ability to deliver every load without injury or loss of time.

The long and short of it is, this well-known express com-

pany buys International Trucks because they have found that these trucks help them to maintain the kind of speedy merchandise dispatch that can be sold, at a profit, to an ever-widening group of firms and individuals.

Whatever your line of business may be, there is a tip for you in this important transportation company's continued use of International Harvester Trucks. We ask your permission to submit detailed information, as well as a list of International owners in your line of business.

International Trucks cover a wide need. Heavy-duty double-reduction and chain-drive, 1½ to 5-ton. Speed Trucks, 4 and 6-cylinder, for 1½ and 1½ ton loads, a great variety of bodies. The new "Special Delivery" for loads up to 1½-ton. Also Motor Coaches and McCormick-Deering Industrial Tractors.

The McCormick-Deering Industrial Tractor is the best for any kind of job. It is sturdy, compact, powerful, flexible and economical. Proven for a wide variety of uses.

Are Our Old Men Growing Older?

Writer in *The Independent* (New York) Does Not Believe That Our Span of Life Has Increased

LEWIS G. DEXTER

THESE are lean years, probably the leanest that have occurred in the history of the automobile industry. It is not only the fact that the average age of our men has increased, but also the fact that the average age of our women has increased. It is not only the fact that the average age of our children has increased, but also the fact that the average age of our grandchildren has increased.

There are two reasons for this. The first is the fact that the average age of our men has increased. The second is the fact that the average age of our women has increased. It is not only the fact that the average age of our children has increased, but also the fact that the average age of our grandchildren has increased.

Why changed motoring conditions demand a new margin of safety

No. 2

How "Stop" and "Go" affect your engine

The driver's foot is on the gas, highway pace one thing as least. Traffic congestion today is stress.

As you shift your gear through crowded lanes—what happens?

Any automobile expert will tell you this:

Quick acceleration puts a heavy burden on your engine. Very often there is no margin in one quick move than in a whole mile of normal driving.

The need of a lubricating margin of safety to meet today's stop-and-go traffic is obvious. And there the problem only begins.

When the traffic officer signals, Go, your motor pulls off the brake from the exhaust. That is accelerated hot-hotting.

While the engine was idling, the oil which touched the combustion chamber and was in a stationary way. Under this condition, ordinary or average oil may mean greatly increased carbon deposits.

Today's congested traffic is only one of many new conditions which call for a greater margin of safety in lubricating your engine.

So what somebody suggests that say good oil will do—certainly is not true!

Champion Outlets Two to One Throughout the World

It is not only in Canada that two out of every three motorists specify Champion Spark Plugs.

The near overwhelming preference persists in the United States, South America, Europe, Australia, New Zealand, Asia and Africa.

All the other spark plug manufacturers all the world over represent only a fraction of the volume voluminously awarded Champion.

Year after year this condition has repeated itself—year after year, speed and endurance champions of the air, land and water have established new world's records with dependable Champion Spark Plugs.

There is no automobile in this—no special sales advantages—but a world-wide recognition of perfectly pure, clean, smooth, material and performance advantages which make Champion the better spark plug.

IT'S THE CUT OF YOUR CLOTHES THAT COUNTS

Ever have trouble in picking out clothes?

A lot of men do—mostly because they haven't the time to think about clothes and are not certain what to look for. When a man does think about them, he discovers this fundamental fact: There's one thing after all that makes clothes distinctive—it's their cut. Fabrics are important, and Society Brand fabrics are invariably good—Scotch Down—for example. But the main reason for choosing a Society Brand suit before all others is its unparalleled distinction of cut.

PE—The difference in cost between a Society Brand suit and an ordinary suit spread over the time you wear it is possibly a few cents a day! At that rate no man can afford to neglect his appearance!

Unaltered Style and name of maker. Suits cut to your measure.

No Petting at These Parties 'Slow' Clubs Are a Protest Against the Fast Practices of Modern Youth.

CHICAGO PRESS

THE average young man or woman of average education or average social position is a slow party, it would hardly be surprising if there were a little tendency to make a mistake. It is surprising to learn, however, that the "slow" clubs of America, which officials have been, drink and smoking, already have become a thing, with a partying tendency of its own and a tendency to be slow.

The Chicago (Chicago) club is one of the best of the Chicago and New York clubs and the slowest club in the city of its position. The club has a partying tendency of its own and a tendency to be slow.

AUBURN

America's Fastest Stock Car

4-44 Sport Sedan \$1149—42 miles an hour—130 inch wheelbase

Breaks Official A. A. A.
1000 Mile
Stock Car Record
Average 68.37 m.p.h.

Because so many companies are "making" 75 and 80 miles an hour speed in their advertisements...

And because Auburn knows how rare such speed is in stock cars, we decided to break the 1000 mile stock car record and give the public definite proof of Auburn's honest speed and durability in an

official test, sanctioned by the A. A. A., where speedometer readings are ignored.

This record was held by a Chrysler with the very creditable speed of 59.54 miles per hour... a truly remarkable performance. Auburn breaks this record... breaks it by the liberal margin of 8 1/2 miles per hour... or, with an average of 68.37 M. P. H. beating the former record by two hours, 10 min. and 22 seconds, at Los Angeles Speedway, Culver City, California, March 18th.

BUT, WHAT OF IT? Conclusive proof though it is, of one of Auburn's superior-

ities, yet it is only fragmentary evidence of Auburn's value. Maybe you do not want to break speed records, but you DO want the built-in economy, the inherent efficiency that makes such superiority possible. You want the most modernized car; the one that runs smoother; handles easier; rides more comfortably; gives greater value in every way and remains a stinger to the repair shops. You want the most for your money now and the highest resale value later. Drive the Auburn... if it does not give you ALL that you want better than any other car, you will not be asked to buy.

Firestone Dealers

Serve You Better and Save You Money

During the month of April, Firestone held many tire educational meetings throughout Canada, which were attended by most of the Company's field organization of Service Dealers. They were given the latest information regarding the construction, care and repair of tires.

Firestone is conducting repair schools where Firestone Dealers and their repair men learn the up-to-date methods of tire repairing.

Many of these dealers have installed in their new Service Stations, or equipped their present Service Stations, with Firestone specially designed equipment, enabling them to make expert repairs on Balloon, Truck and Bus Tires, not to be obtained elsewhere.

It will pay you to call on the nearest Firestone Dealer and let him inspect your tire equipment. A few simple suggestions may greatly reduce your mileage cost. Too many motorists—otherwise careful of their cars—give their tires little or no attention. For instance, it is quite common for some motorists to

run their tires without valve caps! You will be surprised to learn how seriously anything so easily overlooked can affect tire service.

As proof that the public is today more appreciative than ever before of what Firestone Service means, it is significant that sales of Firestone Gum-Dipped Tires during the first four months of the present fiscal year were 100% greater than the corresponding months a year ago.

Firestone specializes in the manufacture of tires and sells only to regular tire dealers direct through Branches and Distributors, assuring prompt service and fresh, clean stocks in all sizes and types. The Firestone Dealer is able and willing to help you enjoy complete motoring satisfaction. See him today.

Serving a Great Industry

"CANADA'S Only Weekly Industrial Paper" has served the metal-working industry of Canada for nearly a quarter of a century. In the time of its publication it has been the source of information for many of the leading manufacturers and executives in the industry, and has given leadership in keeping our manufacturers in the forefront of progress. It has helped sell millions of dollars' worth of equipment, and is known to it to day.

Is the New Inside Frosted Lamp

1. Its light is softer and steadier than any other.
2. It is more efficient, giving as much light as the old clear-glass lamp.
3. Not only looks—on some more rugged than the old type.
4. Economical to use—more light from same amount of current.
5. Its smooth surface makes it easy to clean—just to keep clean.

The spirit of a lifetime awaits you in the towering lakes and streams of Canada's forest playgrounds. Stop to delight the heart of old Frank Wharton himself as he strolled in many places—all easy of access, yet deep in the wilds.

Science and sport challenge your skill in the Maritime Provinces, or you can enjoy deep sea fishing off your coast. Salmon, trout and bass abound in the lakes and streams of forested Quebec. Bassing brook, gray trout and bass. Tackle will give you money a thrilling battle in the depths of Ontario's Highlands. Go try the Western provinces for salmon, trout, pickerel and pike. Coarse trips in unspoiled country. Complete outfit and guide.

Full particulars on all general guides, maps, etc., can be obtained from the Canadian National Railways, 1000 Bank of Montreal Building, Toronto, Ont. or from the nearest Canadian National Railway Station.

BANISH THE SPOTS AND BLEMISHES

There is no more to the 21st century of the skin than there is to the 21st century of the body. The skin is the most important part of the body and it is the most delicate. It is the most sensitive and it is the most vulnerable. It is the most beautiful and it is the most precious. It is the most important and it is the most delicate. It is the most beautiful and it is the most precious. It is the most important and it is the most delicate. It is the most beautiful and it is the most precious.

"She's a Septic"

Many women are in the habit of using the best of medicine, but they do not know how to use it. They do not know how to use it. They do not know how to use it. They do not know how to use it.

But I need not have told him, because he would have found out anyway. "That's all."

This Pen Must Stay in Perfect Order

or Parker makes it good without charge

Free Service on Parker Duofold Pens is the third great contribution that Parker has given the writing world.

First came the Parker Duofold Point that no style of writing can distort.

Last year we announced Parker's Non-Breakable Permanite, replacing brittle rubber for barrels and caps.

This Parker Permanite Barrel, combined with the Duofold Point, constitutes a pen that will stay in perfect order and defy all accidental breakage.

In fact those troubles of old-time pens have, in the Parker Duofold, reached the vanishing point.

Hence we were able to announce on April 10th—"Parker makes no charge to service Duofold Pens."

No one can give you greater protection than this—and nothing can equal the Duofold's writing excellence. You can tell this unaided if you'll try it at a pen counter.

Take this beauty on your Summer Travels and keep the Home Touch on the way. Include its neat counterpart, the Parker Duofold Pencil—this has the Permanite barrel, too.

And choose your colour—Black-tipped Lacquer-red, Black-tipped Jade, Black-tipped Lapis (Mottled Blue), or Black and Gold.

The only thing to worry about is whether the barrel bears this imprint "Geo. S. Parker—DUOFOLD." Find that and you have the finest money can buy—with assurance of service without charge.
